

TWENTY-SIXTH SUNDAY IN ORDINARY TIME

FROM: DOCAT Power and Morality The Political Community

228. How should we treat those who have broken the law?
Because a human being is always a person, solidarity with incarcerated citizens should not be withdrawn. Punishment should not humiliate and debase. Its purpose is to restore and protect public order, to change the guilty for the better, and it is a form of reparation. The Church opposes all governmental reactions that disregard the criminal's human dignity, such as torture and disproportionate punishment. Moreover, she advocates less time-consuming trials.

ONE WORLD ONE HUMANITY The International Community

229. What does "globalization" actually mean?
Much has changed drastically in the last hundred years. Today's world offers many of us improved living conditions and, thanks to technological progress, has grown together into "One World"; so, for example, we can travel everywhere by airplane within a few hours and communicate with everyone on earth simply and without cost by internet. Because of these accelerated exchanges, it is possible for industry to supply many more products less expensively. Transportation has become so inexpensive and fast that it is worth it, for example, in the manufacture of jeans, to grow the cotton for them in the U.S and have the fabric woven from it in India; the jeans are then sewn in Cambodia and sold in Europe. Thus, a simple object often travels around the whole globe before it gets to the consumer. Meanwhile, everything is more and more closely connected and interdependent.

'VOCATION SEEDS'

But if only someone would go to them. Pray for those who are called to 'run the race' as priests, sisters, deacons or brothers. If you think God is calling you to be a priest, religious or deacon,

**The devil is afraid of us when we pray and make sacrifices.
He is also afraid when we are humble and good. He is
especially afraid when we love Jesus very much.
